

playground/006-logging
/main.cpp

```
graph TD; A[playground/006-logging/main.cpp] --> B[iostream]; A --> C[logging.h];
```

The diagram illustrates the dependencies of the file `playground/006-logging/main.cpp`. It is represented by a gray rectangular box at the top. Two blue arrows originate from the bottom of this box and point downwards to two separate white rectangular boxes. The left box is labeled `iostream` and the right box is labeled `logging.h`. This visualizes that the `main.cpp` file includes or depends on both the `iostream` library and the `logging.h` header file.
